

SealTape

SWEPCO SealTape is a heavy duty self-adhesive foil faced waterproofing and sealing tape designed for quick, convenient repairs on asphalt, asbestos cement, masonry, metal, glass, plastic, PVC and wood surfaces. This makes it especially useful for a wide variety of repair and sealing tasks. There's nothing better, faster, more convenient or longer lasting for waterproofing or sealing of asphalt, asbestos cement, masonry, metal, glass, plastic, PVC or wood surfaces. Especially useful for quick roofing repairs and sealing of HVAC duct work and equipment. Functional bright aluminum finish. Compatible with SWEPCO's full line of roof coatings and standard latex paints.

KEY FEATURES

- Peel & stick ease means fast, clean repairs
- Thicker than many competitive products for longer durability
- Superior waterproofing asphalt, modifiers and other ingredients means reliable bonding and waterproofing
- Foil facing protects repairs from damaging ultra-violet radiation and premature hardening and cracking
- For keeping water or air in or out
- Fast, simple application reduces repair time & cost
- Readily conforms to odd shapes and easily cut and placed
- Suitable for repair work or new, permanent work
- Functional bright aluminum surface
- Compatible with SWEPCO's full line of waterproofing coatings as well as standard latex paints

For all types of fast, durable waterproofing & sealing jobs ...

Gutters

Wall Flashings

Vents

Cracks

SWEPCO SealTape is perfect for quick sealing of a wide range of problems on roofs, walls, masonry, metal, asphalt and many other surfaces.
